E-mail: khromano@jcsu.edu

Hours of Operation:

Daily: 9am-12pm and 1pm-2pm

Our hours after 2pm will depend on the sporting season's practice and/or competitions

No athlete is allowed to participate in any team sanctioned activity without a pre-participation physical from the JCSU team physicians. Physicals from any other doctors are not accepted.

If you are unable to make a scheduled doctor's appointment, you must let the athletic training staff know *in advance*, so we may reschedule the appointment. If you miss three appointments you are removed from the system and are will not be seen again.

As a student, you have insurance from the school. As an athlete you have another excess policy that covers you if you are injured during team sanctioned activity. You may also have personal insurance for yourself or through your parents. If you are injured playing your sport, the bills go first to your personal insurance, then to your school insurance, and finally through the athletic insurance,. This will likely take care of all the bills, but in some instances *you may incur some personal expense*.

If you have any unpaid medical bills, please bring them to the athletic training staff *immediately*. If you incur any medical bills while participating in athletics, please bring them to the athletic training staff *within seven days* of receiving the bill.

You are responsible for getting all of your prescriptions filled through the student health center or at any local pharmacy. You may have prescription drug benefits with your personal insurance, and if you provide your receipt to the athletic training staff, we can submit it through the excess policy and you may receive a refund.

You are not allowed to schedule any physician visits or surgeries without approval of the athletic training staff. If you schedule such appt, please be aware you will be responsible for the entire bill.
